WHITE TEES

Garment	Price
White shirt 6.1 oz	\$3.85

MANUAL SCREEN PRINTING FOR SMALL QUANTITIES

WHITES

Qty.	1 color	2 color
12	\$5.83	\$8.33
18	\$4.41	\$6.03
24	\$3.50	\$4.83
36-47	\$2.71	\$3.69

LIGHTS

Qty.	1 color	2 color
12	\$6.54	\$9.04
18	\$4.84	\$6.46
24	\$3.93	\$5.26
36-47	\$3.09	\$4.06

DARKS

Qty.	1 color	2 color
12	\$8.33	\$10.83
18	\$6.04	\$7.66
24	\$4.83	\$6.16
36-47	\$3.69	\$4.66

SPECIALTY

Qty.	1 color	2 color
12	\$9.76	\$12.26
18	\$6.90	\$8.51
24	\$5.69	\$7.01
36-47	\$4.43	\$5.40

This pricing applies to orders of 48 pieces or less that can be printed on the manual press. On darks, the color will be printed, flashed and printed with the same screen.

Not all designs can be printed with these limitations. Please check with the Art Department whether a design can be printed using this pricing. If a traditional underprint is needed, refer to standard screen printing pricing.

WHAT IS DIGITAL GARMENT PRINTING?

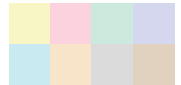

Have you ever wanted to print a multi color design, painting or photo on only 5 shirts and found that it is cost prohibitive? Digital technology for printing on garments has finally become a reality. This printer prints directly to the garment, much the same as your printer prints to paper. This is not a transfer or sublimation. It is water based ink that is durable, washes well, has a soft feel and it's CPSIA compliant. CPSIA labeling will be added when required.

WHAT CAN IT PRINT ON?

100% Cotton, 50/50 or Polyester.

White, ash, natural, pastel or light colors like pink, yellow, blue, green, etc.

- Tee Shirts
- Tank Tops
- Totes
- Towels
- Sweats
- Ringers
- Bandanas
- Aprons

ARE THERE LIMITATIONS?

- * No white ink is printed! If the design must have white, then it needs to be on white fabric. The print will look similar as when it is printed on paper to an ink jet printer at the same size. Imagine printing on white, yellow, gray or blue paper.
- * No exact color matches.
- * No specialty type inks (metallic, puff, gel, high density).
- * Soft hand and a softer look imprint if you consider this a limitation.

WHAT KIND OF ART FILE IS NECESSARY?

We need good clean art. Low resolution images copied from the web will typically print poorly. A high resolution (300 dpi) JPEG, PSD or TIFF file is acceptable, as well as Adobe Illustrator, Adobe Photoshop and adobe PDF files.

- * Please convert all fonts to outlines where applicable.
- * Art Charges for Creative or Editing art still apply.
- * Copyright laws still apply for this process.

PRODUCTION TIME

Production time is 3-5 days from receipt of art and order.
